

DEZISEPT Liquid

Liquid Disinfectant for Hygienic Disinfection of Hands and Surfaces

COMPOSITION

Active substances:

- ethanol (CAS: 64-17-5) 75.67%;
- hydrogen peroxide (CAS: 7722-84-1) 0.15%

CHARACTERISTICS

DEZISEPT Liquid is a disinfectant of blue colour, pleasant odour, which is applied:

- * for hygienic disinfection of hands of medical and pharmaceutical staff; in the food industry and catering; and is especially recommended for use in everyday home use;
- * for disinfection of surfaces in health, school and preschool institutions, food industry, catering, and it is also suitable for home use.

It acts on: *Pseudomonas aeruginosa*, *Staphylococcus aureus*, *Salmonellae Typhimurium*, *Candida albicans*, *Escherichia coli*, *Bacillus cereus*, *Enterococcus hirae*, *Proteus hauseri*.

METHOD OF USE

DEZISEPT Liquid is used by pouring directly from the packaging, without dilution.

Disinfection of surfaces: Pour directly on the surface to be treated so that the surface is sufficiently moistened with the biocidal product, or apply disinfectant directly from the bottle to a clean cloth (tuffer, cotton wool, gauze, etc.), and then with that soaked cloth (tuffer, gauze ...) treat the surface for 1 minute. Do not rinse.

Hand disinfection: Apply undiluted solution to previously washed and dry hands and rub it in for 1 minute. Wait for it to dry.

Dose required to ensure disinfection effect: for surfaces 10ml/m², for hands 3-5ml.

Repeat treatment as needed.

NOTE

Hazard statements: Highly flammable liquid and vapor.

Precautionary statements: Keep out of reach of children. Keep away from heat, hot surfaces, sparks, open flames and other sources of ignition. No smoking. Keep container tightly closed. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Store in a well-ventilated place. Keep cool. Disposal of contents / container in accordance with local regulations.

First aid: If swallowed: Rinse mouth with water and drink water (only if the person is conscious). Do not put anything in the mouth of an unconscious person. Seek professional medical attention immediately. Show the doctor the safety data sheet or label.

Dispose of residues of the biocidal product in accordance with the Law on Waste Management (Official Gazette 36/09, 88/10, 14/16 and 95/18-other law), and with used packaging in accordance with the Law on Packaging and Packaging Waste (Official Gazette 36/09 and 95/18-other law).

STORAGE

Protect the product from open flames, heat and direct sunlight. Keep away from food, drink and animal feeding stuffs. Keep away from sources of ignition - no smoking.

Store in a dry, cool and well-ventilated area, in the original packaging.

SHELF LIFE

2 years.
